About RAMSAK

RAMSAK is an viticultural, farming and rural co-operative helping to share resources, as well as accessing bulk purchasing prices, covering the counties of Kent, East and West Sussex, and Eastern Surrey, although we do also have Members in other parts of the country and Europe.

Membership of RAMSAK is available to all businesses, advisors, hire firms, property agents, maintenance companies, commodity suppliers and indeed all who need access to viticultural and rural machinery, products, fuel and services. Membership ranges from large estates to vineyard owners, machinery dealers, training providers, plant hire and fuel suppliers with a comprehensive line up of machinery, services and products. There are companies who can provide services to viticulture, as diverse as specialist machinery, training to those who simply provide their skills and other plant or to look after vineyards.

Landowners have always been good neighbours to one another but the idea of a co-operative to help share resources has emerged more recently. In the late 1980s, groups of farmers all over the country set up self-help organisations called 'Machinery Rings'. As the business has grown, so have the diversity of services offered, developing the company into a business offering services to all rural and land-based businesses and properties, resulting from a move away from the machinery ring towards a rural co-operative. Our aim is to provide a one-stop shop for all viticultural, agricultural and rural services covering the counties of Kent, East and West Sussex, and Eastern Surrey.

Rural business is a community under huge financial pressures and only by working together can we survive. RAMSAK is unique in its range of products and services available across the South East of England (and further afield) in that it is owned by its members who live and work where the business covers. An enormous plus for our members are the dedicated team who know their members, this is no faceless or nameless service. Every year we see further consolidation within the rural economy it so important that RAMSAK has created such a strong and diverse business to support them with cost savings across almost every supply, input and service required.

Continued....

RAMSAK Ltd was set up as a result of previous successes in 1990 by a small group of farmers with the idea of pooling resources for the benefit of all members. The idea was to form a large group to cover Kent, East and West Sussex and Eastern Surrey.

RAMSAK has a voluntary Board of Directors drawn from all areas of their membership: either invited or volunteered, they bring a range of skills and are the driving force behind the growth and development of the services provided to members. Determined that the group should have a healthy, financially buoyant future, the Board have sanctioned the rebranding, skilfully helping the development of new profitable divisions of the business, while ensuring that the core business remains the same providing an excellent service as a machinery ring. The RAMSAK team are adding to the membership rapidly. Old members are returning and notable new ones joining from the wider region. This adds to the benefits of being a part of the successful, service orientated business.

How do we operate?

All enquiries can be dealt with using our bespoke systems which will enable the right Supplier and Member being selected to do the work. Despite the fact that the whole area that we cover is immense, work is usually carried out by neighbouring members. Using this system ensures that travelling times are kept to a minimum and is the fairest and most effective way to apportion work. Although contact with members is maintained by phone, it is helpful for RAMSAK staff to meet both members and potential members face to face. In this way, they can get a broader view of an individual or business and are in a better position to promote their services and match the requirements of members.

Should I join RAMSAK?

Membership of RAMSAK is available to all viticulturists, farming businesses, advisors, hire firms, property agents, maintenance companies, commodity suppliers and indeed all who need access to agricultural and rural machinery and services. Membership ranges from large estates to smallholdings with only a few acres, contractors and individuals with a comprehensive line up of machinery to those with little or no machinery.

History

From the initial small group in 1990, it has grown in size to what we have today with over 600 members. As well as the original concept of sharing machinery through a hub, we offer many other services from amenity works right through commodities, such as chemical, fuel and fertiliser, plant hire, service company work to Whole Farm Contracts. It is clear that the Group has progressed to offering a range of services that far surpassed what was originally planned from its early roots solely as a machinery ring. The company has now developed into a member owned co-operative offering a one stop shop for all rural landowners and land-based businesses with a vast range of products and services.

Here are some questions we would like you to consider in relation to your business:

- Are there machines that could conveniently be hired out to offset their ownership costs and bring in additional revenue?
- If a neighbouring farmer was to sell some or all of his machinery, could you undertake that work with your existing machinery line-up?
- Are there times in the year when you could do with assistance, either in the form of an extra man or a machine or tractor?
- Would considering the various options of diversification on the farm/estate be a help to maximising the potential for your present situation?
- Is maintaining your buildings/houses and land something that you would rather have managed by someone else?
- Is it uneconomical or impractical for you to own all the various pieces of machinery needed for your particular farm?
- Are you looking for extra work at certain times of the year?
- Are you looking for new avenues to sell your products within an established group of members?

If your answer to any of the above questions is yes, then joining us may bring benefits to you. Not all business / farms will have an immediate need, but if you contact the Office, we would be happy to come and talk about how it works with other businesses / farms in your area and the machinery or services that you could provide to other Members and what, if anything, you might require. RAMSAK is here to provide assistance wherever and whenever we can so that Members can maximise on the services they can supply or need.

The ultimate aim of RAMSAK's is to become a one-stop shop for all services that might be required within the rural community of Kent, Sussex and Surrey. Whilst we accept we cannot be all things to all people we hope that those who embrace the concept of a co-operative will be able to maximise the potential that RAMSAK can offer.

Does RAMSAK cater for Fruit Farmers & Vineyard Owners?

RAMSAK works for all areas of farming regardless of acreage or crop types. RAMSAK does a large amount of work throughout the year on soft and top fruit farms. Spraying, planting, irrigation, pruning and straw spreading are just a few of the areas that RAMSAK is concerned with.

How much do Members charge each other?

The RAMSAK Staff are able to give guidance on the going rate for the job, but it is up to the supplier and the customer to negotiate the final price to reflect the variety of working conditions. The Rules require that Suppliers, if they quote a rate for a service, work at their most competitive rate within the organisation.

How is payment arranged?

On completion of a job, a work schedule ticket is completed, signed by both parties and sent to the RAMSAK office. The bespoke computer system in the office raises a self-billing invoice on behalf of the Supplier and an invoice to the Customer. Members have an agreement that enables collection of monies due from the Customer at 14 days after invoice date by Direct Debit, and

payment to the Supplier by credit transfer at 28 days. Labour-only Suppliers will be paid at 14 days. A levy is charged to the Supplier and the Customer. The interim period allows for the settlement of any disputes should they arise.

What happens if there is a dispute?

Disputes between members are not common, but when the unforeseen does happen, the RAMSAK office manager will suggest a solution. Failing that, an aggrieved member may take the dispute to the Board of Directors, whose decision is final.

What about Insurance cover as a Supplier?

Members must advise their Insurance Company that they will be undertaking work through us. Most Insurance companies view the use of a farmer's machinery for co-operative work as part of everyday farming activity. It is a requirement that all equipment is mechanically sound and fit for its purpose and that it is fully guarded to comply with current Health and Safety legislation. Machine operators, Stockmen, and other workers should have received adequate training and hold the appropriate Certificates of Competence where applicable.

How much does Membership cost?

Every member owns a share in RAMSAK Ltd. which costs £50.00. On termination of membership the share is cancelled and any sum paid up thereon forfeited. Members pay an annual subscription. There are 2 types of membership:

- £130.00 + VAT per annum Full Membership
- £75.00 + VAT per annum Associate Membership

Supplier Membership can be seen as either a cost-effective form of annual advertising, reaching a large and specialist market, or an insurance against breakdown and sickness. In reality most Members will find they can take advantage of Full Membership, with the advantages of supplier membership together with special offers and discounts from Suppliers available to Full Members only.

How do I join?

To become a member, simply contact the RAMSAK Office and arrange for a meeting to find out about your farm and/or rural business. Then complete an Application Form, Direct Debit Mandate and Credit Check Form and return the original documents to the RAMSAK office at RAMSAK Ltd, The Weald Granary, Seven Mile Lane, Mereworth, Maidstone, Kent ME18 5PZ. Upon receipt of all the forms and subject to your acceptance within the membership, you will be sent an invoice for your first year's subscription for payment by BACS. Please note that the more information that you can supply about your business, and keep this regularly updated, the more we will be able to help you.

Who are we?

We are RAMSAK Ltd, a membership owned limited group co-operative.

How do we collect information from you?

We obtain information from you when you use our website, for example when you contact us about services, join our membership or subscribe to our events mailing list, if you directly give us any information via forms, if you make booking or purchase or if you sign up to receive email newsletters.

What type of information is collected from you?

In running and operating the business, we may collect and process certain data and information relating to you and your use of this site. Your privacy is important to us and we confirm that we will never release your personal details to any third party for their mailing or marketing purposes. The data that we collect is detailed below:

- Information you provide in order to enter a competition or promotion via the site, complete a survey, or if you report a problem with the site.
- Details of visits to our website and the pages and resources that are accessed, including but not limited to, traffic data, location data and other communication data that may assist us in understanding how visitors use the website. This may also include the resources that you access, and information about where you are on the internet including the domain type, IP address and URL that you came from. This information is collected and used for our internal research purposes and to improve our customer service.
- The personal information we collect might include your name, address, email address, IP address, and information regarding what pages are accessed and when. This information is recorded and sent to third-party processors for the purposes of data analysis, to improve our marketing efforts and for targeting specific services and products.
- Information you provide to us by sending us a message through our website and information provided to us when you communicate with us electronically for any reason. If you contact us, we may keep a record of your email and other correspondence.
- Information that you provide us as a result of filling in forms on our website, such as registering for information or making a purchase.

If you make a purchase from us with a credit or debit card, your card information is not held by us, it is collected by our third-party payment processors, who specialise in the secure online capture and processing of credit/debit card transactions, as explained below.

IP Addresses

We may collect information about your computer, including but not limited to (where available), your IP address, operating system and browser type for administration purposes and to produce internal reports. This is statistical data relating to a web user's browsing actions and patterns and does not specifically identify you as an individual.

How is your information used?

We may use your information:

RAMSAK Group Regulations

- 1) All members who intend to carry out work or supply goods or services for the RAMSAK members should ensure that their insurance policy is extended to include all work carried out / supply of goods for other members. Any plant hired through RAMSAK without an operator, must be insured for all risks by the customer. Ultimately it is up to the owner of the equipment to satisfy themselves that their equipment is adequately insured.
- 2) Every member must ensure they have adequate insurance cover for the duration of their Ring membership. This would include a minimum of five million pounds (£5,000,000) for Employers' and Public Liability. Members are advised to inform their Insurance Company of their membership to RAMSAK and that the cover should encompass activities supplied or received in connection with such membership.
- 3) The customer should have full insurance cover for personal accident or injury when work is being done on his farm. Unless the customer and supplier agree otherwise and make such special insurance arrangements as they consider necessary, any liability of the supplier for any loss of crop or reduction of yield suffered by the customer as a result of any use of the supplier's machinery is limited to the amount of the charge payable in respect of that use.
- 4) When a member requires work to be done (a customer) they should contact the RAMSAK office as soon as possible. Once the office has received a request from a customer, it is the responsibility of the RAMSAK staff to match up a member to supply the services/goods (a Supplier) and to notify him of their commitment.
- 5) The customer will be responsible for damage to supplier's machinery if caused by his neglect. If members have Terms and Conditions over and above those of RAMSAK e.g. Contractors Plant Agreement, they should obtain a signature to such terms from the customer or his Agent agreeing to the said Terms and Conditions at or before delivery of the equipment.
- 6) It is the responsibility of the supplier to ensure that equipment is mechanically sound and fit for its purpose and that it is fully guarded to comply with the rules of Health and Safety legislation in force at the time. When equipment is hired the supplier should ensure that handbooks are made available. Machine operators, Stockmen and other workers should have received adequate training.
- 7) The Ring is not responsible for any default in payment by the customer or damage caused by any supplier. Neither the Ring nor the Manager guarantees or warrants the compliance of any supplier with this or any other rule.
- 8) Supplier members who offer products / goods to Ring Members including but not limited to Forage, Fuel, Fencing materials and the like need to ensure that the said products / goods are fit for sale. Should the goods / products drop below a reasonable standard, it is the responsibility of the supplier to refund / replace to the value of those goods / products. It is also the responsibility of the customer to satisfy themselves that the supplier has good title to the goods/products being sold.
- 9) The Manager must be notified immediately of any breakdown on farm. The operator will be given a reasonable length of time to have the machine operational again. If for any reason the repair is taking too long, then the Manager may arrange for another member to complete the work. The supplier will only get paid for that part of the work which he had completed.
- 10) All complaints regarding transactions between members must be made in writing to the Group Manager for Arbitration. If no satisfactory settlement can be arranged it is the member's right to present their complaint at the next meeting of the RAMSAK Board, whose decision will be final. All members' complaints as to the general management of the RAMSAK business can be raised with either the Chairman or Vice Chairman. If no verbal settlement is adequate, a written statement is to be sent to the Chairman with the relevant information for discussion at the next Board Meeting. The decision of the Board will be final. In any event, no complaint will be considered if first made after 28 days from receipt of goods/services.
- 11) When a schedule of the work undertaken is prepared and signed by the customer and the supplier, the supplier returns the Schedule to the RAMSAK office. RAMSAK will raise an invoice to the customer. A self-billing invoice will be sent to the supplier. The customer's account will be debited at fourteen (14) days and the supplier's account will be credited at twenty eight (28) days. Labour only suppliers will be credited at fourteen (14) days. In order to comply with VAT regulations this must be the only tax invoice relating to the transaction. Members must inform the RAMSAK office if their VAT registration is cancelled or their number changed.
- 12) Members should have a current account at a bank together with authorisation for the RAMSAK to use this account as regards payment for work done among the members by variable direct debit and credit.
- 13) RAMSAK will charge a levy on work done between members. For Labour only supply, the customer pays five percent (5%) and the supplier pays two percent (2%). For all other ring work two per cent (2%) will be paid by the customer and three per cent (3%) by the supplier.
- 14) A member must give RAMSAK the first opportunity to satisfy a demand listed as an available service/product. Members who undertake work outside the ring must be able to show that the rate they charge through the ring is their most competitive rate for a given job. All Work done between two members must be invoiced through the ring.
- 15) All transactions and negotiations in connection with the RAMSAK must be made through the RAMSAK staff who are responsible to the Board of Directors.
- 16) An annual membership fee, of an amount to be set by the Board, is payable by each Member. The Group Manager will inform each Member of any increase in the annual membership fee at least one month before the date for payment. Annual Subscriptions are due on the 1st June. Payment terms are within 28 days of the due date. To synchronise payments new Members will be charged a pro rata sum on the anniversary of the Member's Admission to the Membership of the Ring. The Board of Directors may terminate the Membership of any Member who fails to make payment of his Membership fee by the due date. Membership renewal will be made by direct debit.

17) Membership may be terminated by a member giving at least twenty eight (28) days' notice in writing to the Registered Office of the Ring. A member accused of misconduct shall be expelled by a resolution of the Board which receives the concurring votes of not less than two thirds of the Directors. The member must be given twenty eight (28) days' notice of the meeting and the alleged misconduct and his right to make representations to the Board. A member terminating his membership is not entitled to any refund of his membership fee.

18) Members undertaking work that requires certification are reminded that they should ensure that they and their operators hold the appropriate certificate. Members must also be aware of and comply with all the relevant requirements of Health and Safety Legislation. In particular, where machinery is supplied with an operator, it should be noted that there are formal mutual obligations between supplier and customer relating to the safety of premises, equipment and operating systems. Further details should be obtained from the Health and Safety Executive.

19) RAMSAK only acts as an Intermediary. The supply of goods and services, and any representations or warranties relating to that supply, is a matter of direct contract between supplier and customer and RAMSAK cannot be held liable for any breach of contractual warranty or condition or any misrepresentation by either party to an agreement.

20) The Rules of RAMSAK may be consulted by any member on prior application to the Group Manager. While RAMSAK is based in South-East England, there are also members from all parts of the UK who trade actively through RAMSAK with other members. RAMSAK reserves the right to review and update the Regulations without prior notice at any time, should it be deemed necessary.
